## WELCOME TO THE 2015/2016 SCHOOL YEAR!

### Be a Charger... Take Charge!

### Message from the Administration

Welcome back! The 2015/2016 School Year will be an exciting year. We start the year with significant improvements made to our available technology. The school has purchased five additional sets of chrome books, as well replaced all the computers in the library and in our K & E Program.

This summer the School Division upgraded the infrastructure, new switches and wiring to improve access and reliability of our network.

Miss Kendall Mercer who is a Red Seal Chef has been hired to expand what is already an

excellent foods program. Students will be able to work toward dual credit accreditation. Dual credit allows students to earn high school credits and at the same time each college credits. Ms. Mercer will also be responsible to run our breakfast and lunch programs.

2014/2015 CATS Players were in Whitecourt this past weekend and were interviewed by Miss Christa Betson, Photographer for the CATS Football Team! See what they had to say re their journey!

**Questions**

1. How did football encourage or help your education? Or did it at all? Because some guys without football wouldn't have graduated.
2. What motivates you to keep playing?
3. Who is your biggest supporter?
4. What would you like to say to the grade 9's?

**Bailey Cook**

1. Not sure I feel like football had an impact on my education.
2. The love I have for the sport and I like the atmosphere that football creates, its not like any other
3. My parents. They come out to every single high school game and they are still coming now.
4. If you want to be successful in football, you need to grind everyday in the off season to become a better player so you can play to the best of your ability when the season comes.

**Brendan Caouette**

1. Totally helped my education. Pushed me to do good in school. Can't play football without good grades.
2. The love for the sport.
3. My mom.
4. Don't quit! Go Saints.

On Page 8 see photos of these players.

**Zac White**

1. Football is important to me, but education comes first. I needed to do good in school so I could pursue my dream.
2. The love for the sport.
3. My family and my girlfriend.
4. Work hard and reach for the stars.

**Morgan Runge**

1. I didn't need football to motivate me when I was in high school. What motivated me was my parents and my post secondary entry requirements.
2. I think the camaraderie (friendship) and dedication keeps me motivated. Football is one of those things I wonder how far you can go in it.
3. By far my parents are my biggest supporters, they make every effort to come out to my games.
4. To be successful in football, you have to hold yourself accountable to your commitments in the football season. It is very rare for someone to miss a practice for any reason and that dedication took us to the provincial finals. Same goes for school if you put in the work, make the commitment you will see results and be successful.

**Connor Cook**

1. Football keeps me straight and narrow. Keeps me disciplined and helps me focus on studies on and off the field whether it came to school or anything else in my life.
2. The opportunity I have been given with the Huskies and the drives to be a starter.
3. My Dad. He supported me throughout all of high school and continue to support and motivate me today.
4. Be confident in your ability as a football player. Trust yourself, your brothers and be a coachable athlete. Listen and respect your coaches. They're there for a reason. These qualities are the basis for a strong football team as well as they shape you to be a successful, hardworking adult. Remember boy's, never quit!

**Health and Wellness Fair**

Hilltop is excited to be hosting their own Health and Wellness Fair.

Ms. Deacon's Sports and Leadership class along with Ms. Johnson's Wellness class and Mrs. Sanderson's foods class will be partnering with community members to promote and bring awareness to different aspects of wellness along with ways to improve your health. The fair will full of information, activities and some nutritional snacks!

Come check it out on Thursday, October 8 from 11:30 to 2:00.

**Sports and Leadership**

A grade two class from Pat Hardy Elementary will be coming to Hilltop in September to have an active, motivating, and skill packed class with Miss Deacon's Grade 9 Sports and Leadership class!

**Welcome back everyone!**

We hope that everyone has had a restful summer and are ready for the 2015-2016 school year. Storefront School staff welcomes back all returning students and new students. Also, a warm welcome is extended to the Whitecourt Wolverine players who have enrolled at Storefront School.

There are a few changes to the day at Storefront. There will be scheduled breaks this school year at 10:30 am and 2:00 pm, with lunch at noon. There is an expectation for all students to have an intake meeting to review school expectations and to set academic goals. In addition, students are expected to hand in their phones in the drop box upon entering the building. Students are permitted to

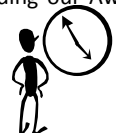

use them during their breaks.

We ask that students who still have overdue books and course materials to return them to the office at Hilltop or to Storefront School.

There are some up and coming activities for students to engage in. HIV West Yellowhead presentation will be on Wednesday, September 16 at 12:30 pm. We will be hosting a Thanksgiving luncheon on Tuesday, October 6, 2015 at noon. We will be holding our Awards Ceremony on Tuesday, October 20 at 2 pm.

**Storefront Hours:**

Monday-Thursday 8:30 am – 4:00 pm

**Vote = Voice: Project Based Learning at Hilltop**

While attending the Buck Institute for Education workshop on Project Based Learning (PBL), we had the opportunity to develop a complete project based learning unit that is cross-curricular and cross grade. This project will be executed in September of 2015, the first of its kind; examining voter trends and apathy in Federal elections. Our purpose is to eliminate and conquer voter apathy through education. Using Google Apps for Education (such as Google Classroom and Forms) to reverse instruction, students will collaborate and investigate historical and current trends in voter apathy. Working together, students will analyze statistical data to suggest solutions to eliminate voter apathy in Whitecourt. This project will culminate with an Information Night (October 7) where students will present their findings to the public, as well as help to educate the voter population about the issues and platforms in the 2015 Federal Election (Monday October 19, 2015). We chose this approach because there are many benefits of Project Based Learning:

- It's a student-centered approach.
- PBL requires the use and development of 21st Century Skills and Attributes (collaboration, communication, critical thinking, problem solving).
- Typically students find it more enjoyable and satisfying.
- It allows students to master content and apply higher level thinking skills.
- Students with PBL experience are able advocate and self-assess, increasing achievement.
- PBL develops lifelong learning skills.

Stay tuned for more information as this project unfolds! We hope that you are as excited about this student-centered, engaging, and relevant educational learning opportunity as we are.

Educationally Yours,  
Mrs. J. Keay and Mrs. K.  
Woodford
